CANADA'S #1 TRUCK-MOUNTED FORKLIFT

**M5NX**  
 SERIES  
 THE WORKHORSE - SMALL + MIGHTY

CANADIAN  
INDUSTRY  
STANDARD

# LIFT MORE. DO MORE.

## NEXT GENERATION PERFORMANCE – INSIDE + OUT

M5 NX series truck-mounted forklifts deliver more than just enhanced performance. Inside and out, next-generation innovations let you lift more, do more and profit more. They're stronger and shorter with less weight and NX features that make for safer starts, faster, more economical maintenance, outstanding durability and lower emissions.

Moffett M5 NX models are small, light, and have an exceptionally efficient power-to-weight ratio so they can lift up to 2,268 kg (5,000 lb) and transfer medium to heavy-duty loads, quickly and safely, from your truck or trailer to just about anywhere – even over rough terrain or in confined urban or warehouse spaces. Moffett has always been Canada's #1 forklift and NX features put it over the top: enhanced performance and durability, easier maintenance and even greater operator safety and comfort.

Whichever model you choose: Standard, Pantograph reach with *Lift Assist*® (PL), or 4-Way, you know you're getting the best engineered, most durable and reliable truck-mounted forklift there is. Plus the expertise, experience and support of Atlas Polar and its national sales and service network.

## CANADA'S BEST SELLING FORKLIFT – FOR A LOT OF GOOD REASONS

What you get out of every Moffett M5 NX forklift is the direct result of what goes into it – a lot of reliability, stability, maneuverability, versatility, performance – and a whole lot of new features. Innovations like *Ground Start*® and available *Ground Mount*® will change the way you do business.

M5 NX models also have all the great features that made Moffett #1 in Canada. One person can mount or dismount the M5 NX under a minute. And easy mounting on the back of almost any truck or trailer lets you take your Moffett with you – no waiting, no extra help and no loss of load space.

There's more! With the M5 NX, you're always in complete control: faster, safer and more cost-effective deliveries – every time – and the highest resale value in the industry.

STANDARD

## THE WORKHORSE FOR JOB SITE DELIVERIES

The **M5 50.3 NX** is the workhorse of the M5 NX series and our most popular series forklift. Small, but no lightweight, it has true versatility, combining ease of operation, excellent capacity, outstanding stability and rough terrain capabilities. In fact, it has the most efficient power-to-weight ratio in the industry – and that all adds up to top performance on even the most demanding job sites.

## AN ENGINE TO BOAST ABOUT

Moffett M5 NX models boast a Tier 4 Kohler turbo diesel engine for smooth, clean, quiet operation. This high-tech DPF-free engine has no particulate filter, saves on fuel and reduces emissions.

### M5 NX AT A GLANCE

|                                      |                   |
|--------------------------------------|-------------------|
| <b>50.3 / 50.3PL / 50.4PL / 50.4</b> |                   |
| LIFTING CAPACITY                     | 2268 kg / 5000 lb |
| LIFT HEIGHT (STD)                    | 3040 mm / 120 in  |
| T4 ENGINE POWER                      | 48 hp / 36kW      |

IN LESS THAN 1 MINUTE, ONE PERSON CAN MOUNT OR DISMOUNT THE MOFFETT TRUCK-MOUNTED FORKLIFT AND BE READY FOR WORK

SERIES

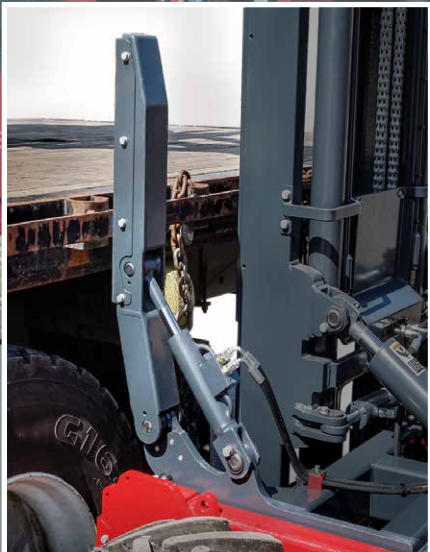

50.3PL

PANTOGRAPH REACH +  
PATENTED LIFT ASSIST® ARMS

## EXTRA REACH + FULL CAPACITY SAME-SIDE UNLOADING

The **M5 50.3PL NX** has all the robust capabilities, safety and performance features of the standard model with Pantograph reach – and one **HUGE Moffett pantograph advantage** – patented *Lift Assist*® arms go beyond reach to change the way you work. They provide same-side full-capacity unloading across the width of the truck – even double-stacked. With Pantograph reach and *Lift Assist*™ arms, you'll do more, faster, earn more and never have to turn your truck around again.

**NEVER TURN YOUR VEHICLE AROUND!  
PATENTED LIFT ASSIST® ARMS LET  
YOU SAFELY LOAD + UNLOAD FULL  
CAPACITY FROM ONE SIDE – EVEN  
DOUBLE-STACKED**
